ENVIRONMENTAL POLICY STATEMENT

The Cameroon Development Corporation (CDC) is an Agro Industrial Company created in 1947 as a public establishment to acquire, develop and operate extensive plantations of tropical crops - Rubber, palm oil and banana. CDC is committed to the sustainable production of high quality Rubber, Palm Oil and Bananas. This commitment is shown by operating a corporation that:

- Minimizes waste by evaluating operations and ensuring they are as efficient as possible and also encourage the usage or recycling of waste generated from the various activities
- Minimizes or prevents pollution by:
  - I. Minimizing the use of materials or processes that have the potential to pollute the environment,
  - II. Use accredited companies for proper waste collection, recycling and disposal
  - III. Preferring the use of materials that are suited to recycling, processes that are energy efficient and minimize pollution,
  - IV. Giving preference to suppliers and other service providers with similar commitments to environmental stewardship.
- Engage and encourage the conservation of natural resources within its areas of operation.
- Continuous environmental education of all levels of workers in the corporation.
- Assess the environmental impact of any new processes or products the Corporation intends to introduce in advance.
- Reduce any negative environmental impacts from our operations
- Meet or exceed all the environmental legislation that relates to the Corporation's activities
- Commitment to the principle of continuous environmental improvement.

All employees have responsibilities for the implementation of this policy by participating and contributing to its success through their actions and suggestions.
