ENCROACHMENT ON CDC LEASEHOLD LAND IN THE ESUKE SECTION OF OUR BOTA PALMS ESTATE BY SOME UNSCRUPULOUS INDIVIDUALS CLAIMING TO BE REPRESENTATIVES OF THE MUTENGENE MUSLIM COMMUNITY

The Management of the Cameroon Development Corporation, CDC, informs the general public that some unscrupulous individuals purporting to be representatives of the Muslim Community in Mutengene have encroached into and illegally felled young productive palm trees in a portion of Esuke Section of our Bota Palms Estate, carved out the said area and are selling same to the general public.

Let it be known that the portion of land which constitutes the Esuke Section of our Bota Palms Estate, remains part and parcel of CDC's leasehold land and no portion has been ceded to any third party, Association or Company. Neither is there at the moment, a contemplation of any cession. If and when any cession will be contemplated, its implementation shall strictly adhere to the due procedure that has been provided by the State.

Thus anybody attempting such an illegal enterprise is doing so at his or her own risk and CDC shall take all the necessary legal measures to bring perpetrators to book.

Yours faithfully,

Franklin Ngoni Njie
GENERAL MANAGER
